27. Turkey
- The continuing deterioration of the economic and financial situation, as well as possible internal and external political developments, will probably require revision of NIE 33-56 during the Third or Fourth Quarter of 1957 and prior to the 1958 elections.
28. India
- Our present estimate will probably need revision in light of the results of the 1957 elections.
29. The Balkan Pact
- Greek and Yugoslav attempts to revive this alliance may warrant an assessment of its long-range importance and prospects, possibly in the Third or Fourth Quarter.
30. The Baghdad Pact
- Unless the subject is covered in additional crash estimates, an assessment of the effectiveness of and outlook for this alliance might be useful in the Third or Fourth Quarter.
31. Malaya and Singapore
- A new estimate may be required following further independence talks in London during early 1957.
32. Cambodia
- From Tentative List, IAC-D-1/17
33. European Satellites
-
34. Italy
- The probability of early elections suggests a new estimate may be required in the Third Quarter.
